## Supreme Court extended hearing about demolition drive in Jahangirpuri Delhi till July Stay will remain intact till the next hearing

New Delhi, May 9, 2022:

Supreme Court bench of Justice L. Nageswara Rao and Justice BR Gawa today adjourned the hearing on the petition of Maulana Niaz Ahmad Farooqi, secretary, Jamiat Ulama-i-Hind, till July this year. The hearing was scheduled to take place today but it ended with one line order of adjournment.

It should be noted that the last month, the apex court stayed the demolition till the further hearing. The immediate intervention of the Supreme Court came as the North Delhi Municipal

Corporation had announced abrupt demolition drive in the wake of the communal tension in the locality. This nonsense order had disturbed the law abiding citizens of the country. Therefore, the Jamiat Ulama-i-Hind approached the court on April 20, 2022. Senior Advocate Dushyant Dave, Advocate on Record MR Shamshad had filed the petition on behalf of Jamiat (Maulana Mahmood Madani). Hearing this, the court immediately stayed the demolition.

*The apex court sought a report from the central government*  
*and others on the action taken in this regard*

New Delhi, May 9:

**T**he Supreme Court on Monday, while hearing the petition of Maulana Mahmood Asa'd Madani, President of the Jamiat Umami-i-Hind regarding the continuous attack on the personality of the prophet (PBUH), issued notice to the central government and others to submit reports on the steps taken so far against this shameful act. The petition was being heard before a bench of Justice Ajay Manikrao Khanwilkar and Justice A S Oka. Advocate MR Shamshad appeared on behalf of the petitioner (Jamiat Ulama-i-Hind) The present Petitioners are approaching this Hon'ble Court with a prayer for issuance of appropriate directions in relation to the continuous attack on the personality of Prophet Mohammad (PBUH) and disparaging remarks by various persons in different parts of the country attacking the very belief system of the Muslim community at large.

It is submitted that insulting the Prophet Mohammed (PBUH) is akin to attacking the very foundation of Islam and in that sense is of an extremely grave nature as it results in not only the targeting of Muslim people but also in assailing the basis of their faith. It is further submitted that such speeches go beyond the limits of a permitted critical denial of another's beliefs, and are certainly likely to incite religious intolerance, and the State and Central Government authorities ought to consider the same to be incompatible with respect for the freedom of thought, conscience and religion and must take proportionate restrictive measures. It is

also pointed out that such speeches destroy the secular fabric of our nation which also forms the part of the basic structure of our Constitution. Resultantly, the Respondents, being bound by the Constitution, ought to have an adversarial relationship with the proponents of such speeches and must take adequate remedial steps to prevent the same.

That the present Petitioners have approached this Hon'ble Court after waiting for a considerable amount of time by giving the State authorities to take appropriate steps of remedial as well as preventive nature. However it appears that the state authorities have completely failed in this regard. The Petitioners have also taken steps by lodging appropriate complaints before the Police authorities. Against many other communally sensitive speeches the Police has not at all registered an FIR and if the aggrieved persons have approached the Court of the Ld. Magistrate seeking appropriate directions for registration of FIRS, the Ld. Magistrate has dismissed the complaint under S. 156 (3) Cr.P.C. by taking cudgel of the principles laid down by this Hon'ble Court in different judgments.

Considering the entire facts it is necessary that this Hon'ble Court invokes its extraordinary jurisdiction by issuing appropriate directions fixing the accountability of the responsible persons placed within the system and also laying certain guidelines as to how the issue of hate speech and accused in recorded hate speeches are to be dealt with in a time bound manner. The Petitioners are making the above

submission being conscious of the fact that these hate speeches, specifically when it is made against the religious personalities like Prophet Mohammad (PBUH) and Muslim community at large, the diversity in the country and peaceful co-existence of the followers of different religious beliefs comes under serious threat. Protecting the diversity and peaceful co-existence of all citizens in India is the collective responsibility of the society at large including the authorities responsible for maintaining law and order in the country.

In view of the continuous attacks on the Muslim community at large, many violent acts have taken place in which many precious lives have been lost mostly of the people belonging to the weaker section of the society majority of them belonging to the Muslim community. In this background it is necessary that this Hon'ble Court considers appropriate directions in the line of prayer made in the present petition.

Reacting to the hearing in the Supreme Court regarding the desecration of the Holy Prophet (PBUH), the President of Jamiat Ulama-i-Hind Maulana Mahmood Madani said that no society in the world can remain civilized if any religious leaders are insulted by its member. The prophet of Islam Muhammad (peace be upon him) is a source of courage for human beings all over the world, Therefore, the perpetrators of such acts should be given exemplary punishment so that no one can dare to insult the leader of any religion.

# "Mere Recovery Of Phones & SIM Cards Used For Conversing With Pakistani Number Not Sufficient To Prove Conspiracy": Delhi Court Acquits

## 5 Men Charged With UAPA

### Jamiat legal aid helped Abdussubhan to get acquittal

New Delhi 10 May, 2022

**A** Delhi court recently acquitted five persons accused of having connections with Lashkar-e-Taiba

*"Mere recovery of the mobile phones and sim cards used to converse amongst each other or converse with a Pakistani number is not sufficient to prove the existence of any conspiracy."*

while observing that mere recovery of the mobile phones and sim cards used to converse with a Pakistani number is not sufficient to prove conspiracy of terror plot.

Additional Sessions Judge Dharmendra Rana of the Patiala House Courts acquitted Mohd Shahid, Mohd Rashid, Ashabuddin, Abdul Subhan and Arshad Khan who were charged under sec. 120B Indian Penal Code & sec. 18, 18B and 20 Unlawful Activities (Prevention) Act.

While doing so, the Court observed thus:

"Mere recovery of the mobile phones and sim cards used to converse amongst each other or converse with a Pakistani number is not sufficient to prove the existence of any conspiracy."

" It is rightly pointed out by Ld. Defence counsel that there is nothing on record to establish that the abovesaid

Pakistani number belongs to the dreaded terrorist Javed Balluchi. IO Manishi Chandra (PW39) in his testimony has admitted that it is possible to collect the relevant information with respect to any Pakistani number, yet no explanation is forthcoming on record as to why no efforts were made by investigating agency to collect the particulars regarding the ownership of the mobile no."

Abdul Subhan and accused Ashabuddin @ Soukat (son of the sister of Abdul Subhan) had been arrested in the year 2001 by the CBI while carrying a consignment of RDX, AK56 rifles, and other arms in Santhalpur, Gujarat. Both were convicted in the said case.

After completing his sentence, Abdul Subhan came out of jail in the year 2010. In 2011, communal riots had taken place at Gopal Garh, District Bharatpur, Rajasthan where several persons belonging to a particular

community were killed. Abdul Subhan was a member of the banned terrorist organization, Lashkar-e-Taiba (LeT), and the said riots kindled his passion for Jihad.

As per the case of the prosecution, Abdul Subhan in order to give effect to his intentions to wage jihad came across Mohd. Rashid, stated to be a highly motivated person. Abdul Subhan convinced Mohd. Rashid to wage Jihad. Abdul Subhan had also tried to associate and motivate Javed and Sabbir who were residents of Mewat but they did not join him.

Abdul Subhan disclosed his plan to Mohd. Rashid about his intentions to kidnap a businessman for ransom to raise money for Jihad and that the money would be received in Dubai through hawala channels with the help of Javed Baluchi. He asked Mohd. Rashid to arrange for a mobile phone connection / SIM card on a fictitious

identity to talk to Javed Baluchi.

As per the case of the prosecution, Abdul Subhan in order to give effect to his intentions to wage jihad came across Mohd. Rashid stated to be a highly motivated person. Abdul Subhan convinced Mohd. Rashid to wage Jihad. Abdul Subhan had also tried to associate and motivate Javed and Sabbir who were residents of Mewat but they did not join him.

After perusing the evidence on record against the accused persons with respect to the alleged offense u/s 18 of UAPA, the Court noted that there are gaping holes in the prosecution version.

It was observed that except for the recovery of a few mobile phones and sim cards, intercepted conversations, and entry in the visitor's register in Kolkata Jail, there was no other incriminating piece of evidence sufficient in itself to establish the prosecution case, which seems to be based upon surmises and conjectures rather than any credible evidence.

Court also recorded that the prosecution has been unable to prove the identity of Javed Balluchi leaving aside the allegation that he is a dreaded terrorist.

It was observed that except for the bare contentions, there is nothing on record to establish the taint attempted to be attached with the credentials of Javed Balluchi. Leave aside the enquiry regarding the credentials of Javed

Balluchi, investigating agency seems to be not sure even about his real name and it emerges from the record that the prosecution refers Javed Balluchi as Javed Wadaich and Javed Chaudhary also.

I have no hesitation in observing that the investigating agency has made no efforts to establish the identity of obscured entity known by the name of Javed Balluchi and it is not even clear as to if some person by the name of Javed Balluchi actually exists in Pakistan or some mischievous person was acting under the fake identity."

The Court said that the call records at best only prove the fact that there was some conversation between Indian citizens on the one end and a person using a Pakistani mobile number on the other end, however, that by itself is not sufficient to presume that accused Javed Balluchi actually existed or that the accused persons conversing with him were involved in any conspiracy to commit any terrorist act or kidnap any rich businessman.

Furthermore, even if for the sake of arguments, the above said defects in the electronic evidence pertaining to the said intercepted conversation is ignored, even then the intercepted conversation is not sufficient to bring home the guilt against accused persons."

With regard to allegations of the five people being part of LeT, the court said that once the intercepted conversations

available on record is discarded, there is no material available on record to connect accused persons with LeT.

In view of the above discussion, the Court did not find any merit in the case of the prosecution and acquitted the accused persons.

"I am convinced that prosecution has miserably failed to prove on record that accused persons were member of banned terrorist organisation Lashkare-Taiba and they accordingly deserves to

*"It is rightly pointed out by Ld. Defence counsel that there is nothing on record to establish that the abovesaid Pakistani number belongs to the dreaded terrorist Javed Balluchi. be acquitted for the charge of offence punishable u/s 20 of UAPA."

Immediately after the court's decision, the accused Abdul Subhan, the resident of Nigina Tehsil, Mewat District also called on Maulana Mahmood Madani, JUH president and thanked him for legal aid.

## **Khargone administration responsible for violence on Ram Navami procession; police acted in a highly partisan manner, Jamiat Ulama-i-Hind delegation visits Khargone**

New Delhi: May 10, 2022.

**A**ccording to a high-level delegation of Jamiat Ulama-i-Hind that visited Khargone recently and held the local administration solely responsible for anti-Muslim violence in the state's Khargone town during Ram Navami procession.

The JUH delegation led by Maulana Hakeemuddin Qasmi, General Secretary of the outfit, underlined the fact that the local authorities allegedly breached every rule in the book. First, despite intelligence information, they allowed a rally to take place without permission. The gathering, which was supposed to leave Talab Chowk Masjid at 3 p.m., lasted until 5 p.m. with offensive songs being played in front of the mosque.

The delegation spoke with victims' families, reviewed relief efforts, and told them that the Jamiat will provide all possible assistance to anyone in need, regardless of faith or community. The

delegation paid special attention to the riot-affected regions of Mohan Talkies, Talab Chowk, Chhoti Mohan Talkies, Qazipura, Sanjay Nagar, Anand Nagar, and Khasas Wari.

The delegation also spoke with the family of Abrish Khan, who was killed in the violence. The death of Abrish Khan, the first casualty of the violence, was kept hidden from his family until

April 18, when the Police had found his body on April 11 itself.

The delegation met with the local collector and SP in particular, demanding an end to the imprisonment of innocent people. During the bulldozer operation, the Jamiat Ulama-i-Hind delegation claimed that there was prejudice between Hindu and Muslim shops.

**The G.S Jamiat Ulama-i-Hind meeting with Iqbal Sufi whose shop were burnt by rioters**

The delegation pointed out that a clear distinction was maintained between Hindu and Muslim shopkeepers during the bulldozer operation. The hotel owned by a non-Muslim was let off while shops owned by Muslims were demolished which is both sad and embarrassing. In a similar operation, the police allegedly stormed Muslim homes and assaulted the ladies who were present. All of the dwellings and establishments demolished by the state after the Khargone incident belonged to Muslims.

In the presence of the police, miscreants set fire to Muslim places of worship and police remained meter spectators. For example, rioters set fire to a mosque near Mandi police station but no action was taken to stop them. The Jamiat Ulama-i-Hind firmly lodged all the complaints with the police administration and also shared their grief with Aleem Bhai, (the owner of the

Tushar Mehta which he made in the supreme court that in the Khargone demolition, 88 victims were Hindus and 26 were Muslims. This statement of Mr. Tushar Mehta is misleading and against the facts. The houses of the 26 people

who have come under bulldozer attack are all Muslims.

Similarly, there are 53 families whose houses were destroyed or looted by the rioters, but no bulldozers were used on the houses of those who did so by the police administration or local administration which shows utter discrimination.

The Jamiat delegation confronted the local authorities and the police officials with all of the issues and one-sided police operations.

Speaking to the media, Maulana Hakeemuddin Qasmi and Jamiat State unit President Haji Muhammad Haroon said that Jamiat strives for peace and unity in the country. According to Haji Haroon, the local authority demolished hotels and shops in the pretext of encroachment, which is an illegal and arbitrary conduct. To avoid rioting, the administration should try to maintain peace and harmony between the two communities. Those who were not involved in the disturbances had their businesses razed, he said. We demand that the authorities punish the perpetrator rather than remove families for encroachment.

# Jamiat team visits Gujarat's violence affected towns; blames police for biased action

On April 10, riots broke out in Khambhat and Himatnagar, both in Gujarat, on the occasion of Ram Navami. In the communal clashes, one person was killed in Khambhat while several others were injured in Himatnagar while Muslim properties were looted and vandalised on a large scale.

Under the leadership of Maulana Hakeemuddin Qasmi, JUH General Secretary, a high-level delegation of Jamiat Ulama-i-Hind visited these hotspots of violence. The delegation visited the needy and affected people, as well as reviewing the relief efforts of the local Jamiat units.

It should be highlighted that Jamiat Ulama Anand in Khambhat and Jamiat Ulama Sabarkantha in Himatnagar have been providing basic requirements and legal cell teams have been working here from the beginning of the riots.

It is a matter of deep concern that those whose stores and shops were torched or vandalised are being prosecuted and arrested. The delegation voiced worry about the arrests of innocent and continued arrest of persons who have nothing to do with the violence. The delegation stated that the term "stone-pelter" was developed to target a specific community with malafide intention, particularly by an irresponsible of the media. It is against all canons of justice to target and single out a particular community which bore the brunt of violence. As a result, in such a case, the police department and its senior officers should take a proactive approach and

refrain from targeting a community, the delegation stated.

Fear and anxiety are pervasive in both cities, as residents lose faith in law enforcement agencies. As a result, the team called for actions to be implemented to relieve people's fears and anxieties, inspire trust in all sectors of society, and put a stop to the turmoil in the area. Maulana Hakeemuddin Qasmi, speaking to the media, said that under the direction of Maulana Mahmood Asad Madani, President of Jamiat Ulama-i-Hind, the organization has been offering all possible help to the affected people since the beginning. He questioned the police's one-sided action and urged them to refrain from it, as it causes negative feelings toward the force.

The police are accusing members of the minority community for the violence, which is a complete fabrication. It also arrested a large number of Muslims in connection with the disturbances, demonstrating its evident bias and prejudice against a specific group.

Two days after the violence, Gujarat Police claimed that the Khambhat riots were "pre-planned and financed" by sleeper cell modules and instigated by local clerics.

## Muslims organizations should not interfere in Gyanwapi masjid case: Jamiat Ulama-i-Hind

New Delhi May 18: Maulana Mahmood Asa'd Madani, President of Jamiat Ulama-i-Hind, has said in his statement that the Gyanwapi Mosque issue is being hotly discussed at public and judicial levels these days. Some mischievous elements and biased media are trying to create strife between

the two communities by fanning religious emotions.

In such a situation, the Jamiat Ulama-i-Hind sympathetically appeals to all the people of India, especially the Indian Muslims that

(2) They should not hit streets on the issue of Gyanwapi mosque and all kinds of public demonstrations should be avoided.

(2) In this regard, the masjid intezamiya committee (mosque management committee) is a party in various courts of the country. It is believed that they will fight this case vigorously till the end. Other organizations of the country are urged not to interfere directly in this case in any courts. If they want to provide help or assist in the case, they can do through the masjid intezamiya committee.

# Act against the communal outfit which engineered the riots in Karoli

## Jamiat delegation met with the police officials. Offered legal assistance to the victims. Jamiat relief committee constituted

New Delhi, May 17:

**A**t the direction of President of Jamiat Ulama-i-Hind Maulana Mahmood A. Madani, a delegation of Jamiat visited the riots-hit area of Karoli (Rajasthan) and met with the victims there. The Jamiat offered legal assistance to the victims and assessed the on-going rehabilitation activities. In this riot, miscreants burnt down 77 shops, out of which 67 shops belonged to the Muslim minority. In addition, a large number of people have been arrested so far.

The delegation headed by Maulana Hakeemuddin Qasmi, JUH General Secretary met with the district SP and DM. On this occasion, Maulana Hakeemuddin Qasmi noted that the country's economy is going through a very difficult phase. In this hour, such kind of riots adds more woes as they involve much economic damage too.

He said that "No country is built in the air but it constitutes its people,

houses, shops, cities and towns, trees, roads, and vehicles, harming any of them are equal to harming the nation.

The Jamiat Ulama-i-Hind always stands that the district administration should be held responsible for the riots for its helplessness and incompetence. Maulana Hakeemuddin Qasmi asked the SP how a rally with a hateful DJ shouting was allowed in this sensitive area while it was banned for 20 years. The government and the administration should always be vigilant about the

sensitive areas and such sectarian elements should never be allowed to hold rallies.

The delegation noted that the riots in the area were escalated for political mileage too, especially to widen the gap between the two communities. The delegation demanded that action be taken against the communal outfit which engineered the riots; mere reaction against individuals will not serve any purpose.

the delegation included Maulana Hakeemuddin Qasmi, Maulana Ghayyur Ahmad Qasmi, Senior Organizer of Jamiat Ulama-i-Hind, Maulana Noman, Vice President of Jamiat Ulama-i-Rajasthan, Maulana Muhammad Younus, Maulana Anis, JUH district president Karoli, Mufti Islam, Hafiz Luqmanan, Maulana Mahboob, Hafiz Babuddin, Mufti Islam, Hafiz Liaqat, Haji Abdul Hai and others.

# Jamiat Ulama-i-Hind announces to hold thousands **Sadbhawana sansads**

## to unite the society against hatred and Islamophobia.

Deoband, May 28, 2022:

An important meeting of the governing body of the Jamiat Ulama-i-Hind began today at Eid Gah Maidan in Deoband, which was attended by nearly two thousand members and representatives of the organizations from all over the country under the presidency of Maulana Mahmud Asad Madani JUH president.

The first session of the meeting discussed in detail the prevention of growing hatred in the country, and incidents of the threat of Islamophobia. On this occasion, it was announced today to rejuvenate Jamiat Sadbhavna Manch.

said that the divisive forces have an action plan, they want reactions from us, but we cannot succumb to their game plan. The haters are in minority but the biggest tragedy is that majority of the country is silent, even though it feels that those who are selling out hatred are traitors of the country.

"Our forefathers have made great sacrifices, so we cannot allow sectarian forces to play with the dignity of the country," he said. However, he advised Muslims to avoid extremism and quick reaction and said that fire cannot be extinguished by fire. Like this, the answer to sectarianism cannot be sectarianism.

He said that today they are trying to feel isolated in our own

In his presidential address on the occasion, Maulana Mahmood Madani, the JUH president said that we have been maintaining patience but that does not mean that we will bow our heads and accept everything. "We can compromise on everything, but we cannot compromise on our faith," he said. Our faith teaches us not to be discouraged under any circumstances. He further

country; these people talk about the unity of the country and declare to create Akhand Bharat while it has made it difficult for Muslims to walk in their own country. That we keep patience today, if need be, we will also accept jail and hanging but we will not do this for others. When our organization decides then we will not take a step back. On this occasion, he mentioned the courage of Shaykh-ul-

Islam Maulana Hussain Ahmad Madani while recalling that he had taken the shroud to the British court.

He said that Jamiat Ulama-i-Hind is a symbol of unity of the country. With this, Jamiat is not limited to Muslims only but it is the Jamaat of the country, its weakness is the weakness of the country. Maulana Mahmood Madani said that the responsibility for eradicating sectarian hatred lies more with the government and media.

On this occasion, Mufti Abul Qasim Nomani, the rector of Darul Uloom Deoband, said that the establishment of Sadbhawana Manch by Jamiat is in fact in harmony with nature of India.

Deputy Amir-ul-Hind Mufti Syed Muhammad Salman Mansoorpuri said that Muslims in India are going through miserable life. Maulana Siddiqullah Chaudhry, President of Jamiat Ulema -Bengal, Maulana Salman Bijnoori, Maulana Habib-ur-Rehman Allahabad and others also addressed on the occasion. Maulana Hakeemuddin, General Secretary, Jamiat Ulama-i-Hind, conducted the meeting. Poet Nawaz Deobandi presented the best poem on Jamiat Sadbhavna Manch.

Earlier the Jamiat passed the following three resolutions:

**Resolution of measures for taming the growing tide of hatred and animosity against Muslims in the country Passed by the national governing body meeting held at Deoband on May 28,29, 2022**

Nowadays hatred and religious bigotry has cast a shadow in our country. In the name of clothing, food, faith, festival or language and economy etc Indians are pitted against their own countrymen. Instead of engaging youths in constructive works, they are being used as a tool to wreak havoc in the country. And the most unfortunate part of this sad saga is that the government of the day is patronizing these destructive activities. It has left no stone unturned in poisoning the minds and hearts of the members of the majority community.

Besides that the national media has become an effective tool to spread sensation and provocation. Baseless propaganda against Muslims, Muslim rulers and Islamic culture etc. has reached its zenith. The government of the day instead of taking legal action against hate mongers has been patronizing them.

The Jamiat Ulama-i-Hind is deeply concerned that the anti-Muslim and anti-Islamic propaganda in our country is tarnishing the image of our beloved country across the world. Sadly bigotry, narrow-mindedness and religious extremism etc has become a symbol of India in the eyes of international community. As a result of which anti-India forces are getting an opportunity to advance their nefarious agenda on the international platform.

In this scenario the Jamiat Ulama-i-Hind keeping in mind the integrity and development of the country wants to draw the attention of the Government of India to tame the growing tide of hatred and animosity in the country that is against the basic principles of democracy, equality and justice etc.

It should be borne in mind that maintaining one's political dominance by inciting the religious sentiments of the majority

community is a grave disservice to the country. Jamiat Ulama-i-Hind view that the way national unity is being sabotaged in the name of fake nationalism is not only harming the Muslim alone but is causing a grave threat to the security and integrity of the country.

This meeting of the Governing Council of the Jamiat Ulama-i-Hind appeals to all the peace loving and patriotic forces to forge unity for fighting the extremist and fascist forces at the political and social level instead of getting reactionary and sentimental. We should make concerted efforts to spared brotherhood, peace and tolerance etc. in the country.

If these fascist forces and their proponents think that Muslims will succumb to their oppression and tyranny. They are living under delusion.

India is our country. We are born and brought up in this country. Our forefathers has not only made this country strong and stable, but also sacrificed their lives for its security and survival etc. Therefor we cannot condone injustice and discrimination against Muslims or any other class or community of the country.

The Jamiat Ulama-i-Hind is deeply concerned that the anti-Muslim and anti-Islamic propaganda in our country is tarnishing the image of our beloved country across the world. Sadly bigotry, narrow-mindedness and religious extremism etc has become a symbol of India in the eyes of international community. As a result of which anti-India forces are getting an opportunity to advance their nefarious agenda on the international platform.

The Jamiat Ulama-i-Hind specifically warns the Muslim youth and Muslim student's organizations that they are targets of internal and external hostile elements. Every tactic is being used to disappoint, provoke and mislead them. Therefor don't get discouraged by it, and don't lose patience. Instead, keep faith in Jamiat Ulama-i-Hind and its leaders.

**(2) Resolution regarding eradication of Islamophobia  
Passed by the national governing body meeting held at  
Deoband on May 28, 29, 2022**

The incidents of Islamophobia and anti-Muslim hate crimes are on the rise in the country. Islamophobia is not only a reflection of religious hatred; it is a rather to get intoxicated by the feeling of hatred against certain religious community.

It is an international tragedy against the human rights and democratic values and universal brotherhood. Due to this, the minority community is facing religious, social and political extremism.

Our country has never been under its impact so much in the past. But today the reins of the country have fallen into the hands of those people who want to alter the centuries-old identity of the country. To them our shared culture and tradition have a little value. They hanker for power only.

Jamiat Ulama-i-Hind while expressing deep concern about this situation feels the need to take the following measures:

(1) According to the 267th report of the Law Commission that was published in 2017, a separate law should be enacted to specifically punish the instigators of violence and efforts should be made to ban any activity aimed at social and economic isolation of all minorities especially the Muslim minority.

(2) In order to promote tolerance, peace and coexistence etc. among different faiths, 15th March as designated by the United Nations shall be observed as the day of Islamophobia every year. On this occasion a message of human dignity shall be disseminated across the world and display our common commitment for the eradication of all forms of racism and religious discrimination.

(3) To address this situation, the Jamiat Ulama-i-Hind has set up a permanent department called the "Justice and Empowerment Initiative for Indian Muslims", with prime objective to develop an strategy for the establishment of peace and justice in the country.

However, the fact remains that this menace can not be tackled by establishing a single department. Rather it requires concerted efforts at every level. Therefore Jamiat Ulama-i-Hind urges all its units to be a part of this movement and to participate in its work with interest.

**(7) Resolution over strengthening of the Sadbhavna  
Manch**

**Passed by the national governing body meeting held at  
Deoband on May 28, 29, 2022**

In accordance with the clause (8) of the Constitution of the Jamiat Ulama-i-Hind, which refers to "Social Services", it was decided in the session of the governing body committee of Jamiat Ulama-i-Hind held at September 12, 1919 to form "Jamiat Sadbhava Manch" which has at least eleven members. Half of its members will be non-Muslims. The forum will

include active members of the society and local leaders irrespective of religion and caste etc. The Forum shall convene a meeting every month to ensure the participation of the Non-Muslim brethren and will take under mentioned joint steps in accordance with the clause 8 of the Jamiat's constitution.

(1) A joint gathering of people of different religious sects.

(2) Strive for the fulfilment of civic

requirements.

(3) To serve the workers, farmers and backward people.

(4) Helping orphans widows and the oppressed section of the people.

(5) Collective efforts to prevent drugs and obscenity.

(6) Finding peaceful solutions through mutual dialogue and discussion to sensitive religious issues such as use of loudspeakers in places of worship and use of public places for worship etc.

(7) Collective efforts to protect environment through plantation, saving water and sanitation.

This session urges the leaders of Jamiat Ulama-i-Hind to strengthen this movement by forming Sadbhavna Committees in their respective areas.

Jamiat Ulama-i-Hind also announces on this occasion to organise more than one thousand Sadbhavna Sansad across the country to end the growing tide of hatred spread by the dharma Sansad and other groups. Representatives of every religions and caste shall be invited to participate in the Sadbhavna sansad.

The incidents of Islamophobia and anti-Muslim hate crimes are on the rise in the country. Islamophobia is not only a reflection of religious hatred; it is a rather to get intoxicated by the feeling of hatred against certain religious community. It is an international tragedy against the human rights and democratic values and universal brotherhood. Due to this, the minority community is facing religious, social and political extremism. Our country has never been under its impact so much in the past.

**Every citizen has right to freely abide by his religion  
Any attempt to abolish Muslim personal law will not succeed  
If anyone does not like us to follow our religion then he does not  
deserve to live in this great country: Maulana Mahmood Madani**

**The governing body meeting of the Jamiat Ulama-i-Hind  
passed several important resolutions and also issued declaration**

Deoband: May 29: A two-day meeting of the governing body of Jamiat Ulama-i-Hind concluded today at Eidghah Maidan at Deoband. The meeting was chaired by Maulana Mahmood Asad Madani.

The last day saw a number of important resolutions including resolutions on UCC and Gayanvapi mosque and Mathura Eighth. A declaration was also issued in which all Muslims were advised to refrain from fear, despair and sentimentality and work for the betterment of their future.

Maulana Mahmood Asad Madani, President of Jamiat Ulama-i-Hind, in his last presidential address highlighted the importance of sacrifice for the

motherland and said that even if our lives are lost for the protection of this country, it will be a matter of pride for us. He told when he spoke of the problems of Muslims, that had been criticized by some quarters. These are the forces who scare us but when we try to speak about them, they do not accept it.

He said in clear terms that we will continue to fulfil our responsibility to the country. If they do not like us to follow our religion, they do not deserve to stay in this country, they should migrate from this great land whose nature is unity in diversity.

“I say that this homeland is equally ours. And the majority of the country believes in idea of unity in diversity, so

we are not going to settle in other country, if they are interested in dispatching us, let them go themselves.

On this occasion various great Islamic scholars including Maulana Arshad Madani, president JUH, Maulana Mufti Abul Qassim Nomani, Maulana Sufyan Qasmi waqf Darul Uloom Deoband, Maulana Hakeemuddin Qasmi, JUH General Secretary, Maulana Badruddin Ajmal also delivered speeches.

Jamiat resolution on Gayanvapi mosques expresses deep concern and disgust over the ugly attitude of forces hostile to the peace and tranquillity of the country as well as political parties patronizing them for repeatedly raking

up controversy regarding the old places of worship. Gyanvapi Mosque, Mathura Eidghah and other mosques are currently under such a hate campaign. This will result in disturbing the peace, order and integrity etc. of the country.

The Ayodhya issue has already severely damaged social harmony and the peaceful communal fabric of the country. Now, these conflicts will provide fresh impetus for further confrontation and the negative politics of majority domination. This session of Jamiat Ulama-i-Hind draws the attention of the ruling dispensation that reviving the differences of history will not be conducive to the peace and order of the country. The Supreme Court in its ruling about Babri Masjid has described the Worship Act as the basic spirit of the constitution of India. This decision of the Apex court explicitly conveys the message that the government, political parties and religious groups should keep

away from reviving the controversial issues of the past. Only then it will redeem our pledges to the constitution, otherwise, it will be called great disloyalty to the constitution.

**ON UCC, the Jamiat said that** Muslim personal law such as marriage, divorce, khula, inheritance etc. are not framed by any society, individual or group etc. Nor are they parts of culture and customs etc. But they are essential parts of Islam like prayers, fasting and Hajj etc. derived from the Holy Qur'an and hadiths. Therefore, any change in the rules or regulations sanctioned by Islam or preventing anyone from following them is against the basic principles of Islam and sheer interference in the provision guaranteed in Article 25 of the Constitution of India. But the present government intends to abolish Muslim personal law by enacting a uniform civil code sidestepping the true spirit of the

country's constitution.

This session of the Jamiat Ulama-i-Hind warns the Government of India that Muslims of the country cannot accept any change in Muslim Personal Law. Therefore, we demand that a clear ordinance be issued regarding the protection of Muslim personal law keeping in view the basic provisions of the Constitution of India. In other resolution, the Jamiat also demands stringent law to deal with issues of insult to the prophet and great personalities of any religion.

Apart from this, the Jamiat Governing body meeting also elected Maulana Mufti Salman Bajnoori and Mufti Ahmad Deola as Vice President of Jamiat, while Maulana Qari Shaukat Ali Wait was elected as treasurer. The book written by the late Prof. Abdul Hai on the

## Jamiat statement on BJP's action over remarks on the prophet (PBUH)

New Delhi: June 5: Maulana Hakeemuddin Qasmi, General Secretary of Jamiat Ulama-i-Hind, has termed the disciplinary action of Bharatiya Janata Party (BJP) against Nupur Sharma and others for insulting remarks against the Prophet (PBUH) as necessary and timely action for maintaining law and order in the country.

There is no bigger communalism and no greater offence than this, so we hope that law enforcement agencies will take legal action against them without delay and will indeed punish them, as well as take action against all such individuals who are constantly insulting the Prophet.

# Jamiat Ulama-i-Hind's statement on nationwide demonstrations against blasphemy

Attempts are being made at every level to provide legal help for those arrested:

Maulana Hakeemuddin Qasmi

New Delhi: June 11: Jamiat Ulama-i-Hind's General Secretary Maulana Hakeemuddin Qasmi said that the Police atrocities during nationwide protests against blasphemy and its inability to control the situation have added fuel to the fire. He reiterated that insulting the Prophet (peace and blessings of Allah be upon him) could not be tolerated at all. To protest against this is a constitutional and democratic right of Muslims and justice-loving citizens of the country. Denial to these rights through the means of indiscriminate arrests, police firing and the use of bulldozers is a disgrace to any democratic government.

He said that the governments should comprehend that the protesters are the citizens of the country; and thus they should not be treated as foreign enemies.

He said that such demonstrations may involve mischievous elements and peaceful citizens have to be punished for their actions, so we appeal to the youth to beware of such elements and adopt a peaceful approach.

He said that efforts were being taken at all levels to provide legal help to those arrested. The Jamiat delegation had earlier toured Kanpur and reviewed the situation there. Like this, we will visit other places soon. While expressing his concern over the death of Mudassar and Sahil who were martyred during a demonstration in Ranchi, he demanded from the Jharkhand government to conduct a full judicial inquiry into the matter and provide reasonable compensation to the family of the deceased.

## The Udaipur incident is very unfortunate and reprehensible: Jamiat Ulama-i-Hind

New Delhi, June 28:

Maulana Hakeemuddin Qasmi, General Secretary of the Jamiat Ulama-i-Hind has condemned the incident of brutal killing in Udaipur apparently on the pretext of the insult to the Prophet (PBUH) and called it against the law of land and against the religion of Islam.

Has said whoever has perpetrated this incident cannot be justified in any way, it is against the law of the land and our religion. In our country, there is a system of law, no one has the right to take the law into his own hands.

Maulana Hakeemuddin Qasmi appealed to all the citizens of the country to restraint their emotions and maintain peace in the country.

## Udaipur incident is a disgrace to humanity Maulana Mahmood Asa'd Madani JUH president

New Delhi, June 29:

Maulana Mahmood Asa'd Madani, President of the Jamiat Ulama-i-Hind, has strongly condemned the killing of a non-Muslim tailor master in Rajasthan's Udaipur and the subsequent making of a video by the killers to justify it in the name of insult to the prophet (PBUH). He called it a disgrace to humanity and an act of defaming the religion of Islam.

Maulana Madani said that this incident, is a great challenge and shameful for the law enforcement agencies of the country. "No matter whosoever is a killer, no one has the authority to take the law and order into his own hands," he said.

Maulana Madani said that Jamiat Ulama-i-Hind is against all forms of extremism and demands that strict action be taken against such persons irrespective of their religion, caste and ethnicity. It is a matter of great disappointment that the attitude of the law enforcement agencies is biased, which is why such unfortunate incidents

are happening. Therefore, it is very important that whether it is this incident or that of insulting the Holy Prophet, the governments should be vigilant and take stringent action against the perpetrators of such heinous crimes.

On this occasion, Maulana Madani made a special appeal to every countryman to maintain law and order and also said that all citizens should unitedly stand against communalism and extremism etc.

## Arrest of Alt News Co-founder **Muhammad Zubair** is an act of discrimination

**President of Jamiat Ulama-i-Hind, Maulana Mahmood Madani writes letter to HMI to look into the matter**

New Delhi: June 28, 2022: Maulana Mahmood Asa'd Madani, President of Jamiat Ulama-i-Hind, has strongly criticized the motive behind the arrest of Alt News Co-founder Muhammad Zubair terming it a discriminatory action. He noted that the job of Alt News is to sort out the truth in the age of spreading false and fake information, which is in fact a great service to the country. That should be welcomed.

In this regard, Maulana Madani has also sent a letter to the Home Minister stating that the discriminatory nature of the functioning of law enforcement agencies is condemnable. "On the one hand, people who openly deliver hate speeches and make genocide call are roaming free, while on the other hand journalists who are tirelessly working in exposing such hate-mongers are being systematically harassed and intimidated. Mohammad Zubair, the co-founder of fact-checking website Alt-News, was called for an investigation by Delhi Police in a case related to the Delhi riots 2020. In this case, he had the protection of the Hon'ble High Court from being arrested. Yet he was arrested in a different case of 2018 for which he

was given no notice." He further said "There is no doubt that the people accused of hurting religious sentiments of other people's faith, their holy saints and holy their books with the intention to cause communal disturbance must be dealt with firmly as per the provision of the law. However, there must not be any discrimination in dealing with such people on the basis of their particular

faith. In the present case, we observe clear-cut discrimination and religious persecution. We solemnly appeal to you as the guardian of the law enforcement to kindly make sure that absolute equality and impartiality is exercised by the law enforcement agencies in dealing with the hate mongers irrespective of their faith." Maulana Madani said that the justice-loving people of the country are right to feel that those who insulted the honour of the Holy Prophet (PBUH) have not been arrested so far. It seems that the police have no intention of doing so, which is a very saddening and heartbreaking process. Therefore, we demand that the government take fair action and respect the country's reputation at the international level.

### Jamiat delegation meets with ALT News co-founder Zubair father

Kanpur June 8, 2022: The high-level delegation of Jamiat Ulama-i-Hind met with the Kanpur district administration and police commissioner to lodge its protest against the one-sided arrest of Muslims and biased investigation.

As the probe continues, the police have set up a Special Investigation Team, with four additional teams probing the case. Over 50 people have been arrested so far and FIRs have been filed against over 800 unnamed persons. The FIRs charge people with rioting, creating enmity and disturbing peace in the region.
