Will safeguard madrasa at any cost: Jamiat Ulama-i-Hind

UP govt. attempt to survey madrasa smacks of evil intention Jamiat's 'protect Madaris' conference at Delhi witnesses' presence of 200 UP madarsa rectorors

New Delhi, Sept 6, 2022:

The largest socio-religious group, Jamiat Ulama-i-Hind, declared on Tuesday that they will defend Islamic seminaries at all costs, and described the Uttar Pradesh government's forthcoming survey of madrassas as a malicious attempt to disparage the madrasa education system. It also announced the opening of a helpline for madrassas that encounter any issues and constituted a steering committee to look into the matter.

The UP government's announcement to examine "unrecognised" madrassas prompted

Jamiat Ulama-i-Hind to call a meeting of madrasa rectorors to assess its implications. More than 200 madrasa representatives, including those from prestigious seminaries like Darul Uloom at Deoband, Darul Uloom Nadwatul Ulama, Lucknow, Mazahir Uloom, Saharanpur, and others, attended the meeting under the banner of "protecting Madrassas". They denounced the UP government's attempt to demonise the madrasa, saying it is the country's greatest asset which played a pivotal role in the liberation movement of the country and made immeasurable sacrifices.

The UP government on Wednesday announced a survey of unrecognized

madrassas in the state to gather information about the number of teachers, curriculum, and basic facilities available there, among others. The 12-point survey questionnaire that would be used by the UP government was discussed at the meeting. A PowerPoint presentation gave a thorough explanation of the purpose and scope of the survey. In the discussion, it was agreed that the madrasa system's laws and regulations needed internal revision.

The meeting also raises concerns about the government's retrograde mindset, which by adopting a combative approach causes confusion and fear among the populace and builds a barrier of mistrust between (Continued on next page)

the communities. This government's behaviour is completely unacceptable. Governments ought to shun this sort of conduct. It pointed out that because madrassas have played a significant historical role in the country and have consistently made sacrifices for it. Even today, madrassas continue to benefit the country by educating youngsters from disadvantaged backgrounds and advancing efforts to achieve national literacy rates of 100 percent. Madrassa graduates become sincere and patriotic citizens of the country.

Actually, it is malicious to call that madrasas are not adhering to the government system. It is essential to respond with a reasonable approach. Maulana Mahmood Asa'd Madani, the meeting's organiser and the president of Jamiat Ulama-i-Hind, voiced these views while addressing the conference. Madrasas, according to Maulana Mahmood Madani, are very beneficial. This system, which was provided to us by our elders, is unparalleled worldwide, so it will be safeguarded at all costs. He told the media that a steering committee has been formed for further action.

The steering committee comprising of Maulana Syed Arshad Madani, President of Jamiat Ulama-i-Hind; Maulana Mufti Abul Qasim Nomani rector Darul Uloom Deoband; Maulana Muhammad Sufyan Qasmi, rector Darul Uloom Waqf Deoband; Maulana Mufti

In today's meeting, a three-point plan was also accepted following mutual consultation.

- (1) Madrasas' internal systems should have any legal flaws fixed as quickly as possible.
- (2) The Jamiat Ulama-i-Hind should set up a helpline and have a team ready to assist the Madrasas in fixing the paperwork.
- (3) Madrasas ought to begin offering modern education through NIOS or other agencies.

Religious seminaries are a sore spot for communal forces, according to Jamiat Ulama-i-Hind President Maulana Syed Arshad Madani, thus we should be aware of their motivations. In his address, Maulana Arshad Madani said that in the changing political environment, we must work hard to ensure that

our Madrasas survive. Although we have always making an effort to ensure that our religious institutions operate in peace, harmony and cooperation, the divisive forces seek to eliminate us and something we won't ever permit. He asserted that the existence of Madrasas is necessary for the country's survival, not for its opposition. Its 1200 year old history attests to the fact that this is where the country has always been built.

According to Mufti Abul Qasim Nomani, rector of Darul Uloom Deoband, we should think about improving the internal structure of the madrassa system, particularly the structure connected to Dar al-Iqama, (hostel), etc. However, one must be cautious of the oppressor's intentions.

The rector of Darul Uloom Waqf Deoband, Maulana Muhammad Sufyan Qasmi, stated that the 100-year history of Jamiat Ulama-i-Hind is proof that it has consistently guided both the country and the community. We anticipate that the Jamiat will guide madrassas in this turbulent phase. He also suggested creating a helpline for this purpose.

Maulana Atiq Ahmad Bastavi, representing the Nazeem-e-Ala of Darul Uloom Nadwatul Ulama, Maulana Syed Muhammad Rabi Hasni Nadvi, argued that the survey's questionnaire purpose was a mischief rather than reform. Therefore, a suitable response should be prepared to this new evil of communal forces. In this context, he suggested approaching the government representatives.

their views and offered suggestions.

In the meeting, Maulana Niaz Ahmad Farooqui, Supreme Court advocate and the secretary of Jamiat Ulama-i-Hind, gave a critical presentation on the current attacks on madrassas in many states including Assam where three madrass buildings were bulldozed and how to tackle such attacks. General Secretary of the Jamiat Ulama-i-Hind Maulana Hakeemuddin Qasmi and Mufti Muhammad Affan Mansoorpuri jointly conducted the meeting's proceedings.

Jamiat Day Care hospital opens in Sholapur

Sholapur (Maharashtra) July 29, 2022:

Jamiat Ulama-i-Hind (JUH) established a hospital in Sholapur, Maharashtra, to provide care for the underprivileged and disadvantaged segments of society. Jamiat-e-Ulama Day-Care Hospital, which opened to patients in late July of this year, strives to make health services affordable for the underprivileged and needy. Several distinguished physicians and activists attended the hospital's inauguration function, which was presided over by Maharashtra State President of JUH Maulana Nadeem Siddique.

Regardless of caste, religion, or faith, Maulana Nadeem promised in his speech that "the hospital will provide quality treatment to the needy patients at a very reasonable charge."

The hospital's medical director, Dr. Farooque Mulla, told TwoCircles.net that the daycare facilities would soon start operating as well as the OPD (outpatients department) and a medical supply store.

In addition to an OPD, according to Dr. Farooque, the facility also

offers all kinds of blood tests at discounts ranging from 30 to 50%. For major cases, specialised doctors also come to see us.

JUH Sholapur District President Maulana Ibrahim Qasmi stated that "health and education are essential facilities which should be supplied free of cost or lowest fees but regrettably these two have become a lucrative business" when considering the necessity to construct such a healthcare centre for the underprivileged.

We started this hospital on a 5000 sq.ft area "considering the need of the hour," he remarked. The hospital's mission, according to Maulana Ibrahim, is to "serve the underprivileged," and we are focusing all of our resources on the health and education sectors. Our new project will involve offering workshops to help kids from underrepresented populations get ready for competitive exams," he stated.

The hospital's infrastructural costs were covered by donations from the public. "We raised money for all of this by asking individuals for donations. I must highlight that the Biradaris of Muslim society in our city have given generously donated for construction of the hospital, said Hasib Nadaf, general secretary of the JUH. According to Nadaf, JUH established a Covid-19 Care centre at the same location during the epidemic. This brand-new multi-specialty hospital is our ideal undertaking, he declared. Salahuddin Peerzade, a social activist, praised JUH for this project. In all humanitarian efforts, JUH always takes the initiative. Everyone needs to step forward and assist them in realizing the Jamiat's projects, he said.

Ashfaque Baghban, a young political and social activist, said that the city is in desperate need of specialized hospitals, particularly for women. "I routinely get calls from women who complain about being mistreated in government hospitals. Poor patients always struggle to get the healthcare they need, he said. Baghban continued by expressing his desire that the JUH's newly established hospital will feature a fully functional gynecology section.

Suspended Telangana BJP MLA held again under PDA following Jamiat's several FIRs

New Delhi, August 26, 2022:

The arrest of Raja Singh, a Telangana BJP legislator who has been suspended over controversial remarks purportedly directed at the Prophet Mohammad, was hailed by Jamiat Ulama-i-Hind on Thursday as a "necessary measure," adding that the country will not pardon anyone who commits blasphemy.

On Thursday morning, Singh was detained by the Hyderabad police under the Preventive Detention Act (PDA), days after being granted bail in the blasphemy case that led to protest against his release.

Maulana Mahmood Madani, the president of the Jamiat, observed that the Preventive Detention Act is a law that the police employ to hold "notorious and dangerous" prisoners in jail for a year.

According to a statement released by the Muslim organization, the Jamiat district units in Telangana met with their respective district authorities at 12 locations and presented a memorandum requesting the arrest of the offender under the PDA.

Eight other FIRs were also filed against Singh at various police stations, according to the statement.

Singh's arrest, according to Madani, was a "necessary action" for maintaining law and order, and such violators cannot be granted asylum in a nation with a diversity of religious beliefs.

Those who insult religion will not be pardoned by the country, he declared.

Protest at Jantar Mantar

against religious discrimination

with Dalit Christians and Muslims

New Delhi, August 05, 2022:

At Jantar Mantar, a number of organisations, including the National Council of Dalit Christians, Jamiat Ulama-i-Hind, the Catholic Bishop Conference of India, the National Council of Church of India, and others, participated in a joint protest against Article 341's discriminatory nature as Christians and Muslims from scheduled castes were deprived of affirmative schemes for SCs. Based on injustice and prejudice, the then-president of India passed an ordinance to this effect in 1950. Additionally, it is against the Constitution's spirit. Later, the Sikh and Buddhist were included in the scope of this Article's provisions, but Dalit Muslims and Christians were not.

Everyone, who took part in the demonstration categorically demanded the elimination of discrimination as well as the implementation of the Justice Ranganath Mishra Commission's recommendations. The general secretary of Jamiat Ulama-i-Hind, Maulana Hakeemuddin Qasmi, stated that it has been a long-standing demand of the organisation for Dalit Muslims and Christians to also be covered by this constitutional provision. It is the sad fact that this discrimination has been going on for

the past 72 years is shocking. All protesters agreed that it is high time to put an end to this

constitutional discrimination as India celebrates Azadi ka Amrit Mahotsav.

Jamiat Ulama Aurangabad's daylong meet concludes

Aurangabad, August 6, 2022:

At the renowned Shahi Masjid Qila Ark, under the leadership of Maulana Nadeem Siddiqi, a daylong meeting of Jamiat Ulama, Dist. Aurangabad, came to a close. All of the city, district, and local Jamiat office holders were present at this meeting. Speaking during the meeting, Maulana Nadeem Siddiqi, President of Jamiat Ulama in Maharashtra, noted that Jamiat has been working to defend Islam, Muslims, and Islamic culture ever since the country's independence. The country is currently going through a critical juncture. Due to a lack of knowledge about the core principles of Islam, apostasy is on the rise in many isolated rural parts of Maharashtra. In this case, it is more important than ever to

wage war so that apostasy can be prevented.

He added that the country is going through a critical juncture. Muslims' living conditions have gotten progressively worse. Therefore, we must wage battle on behalf of the community, especially in locations with a small Muslim presence. All of the managing committee's members agreed to proceed with: (1) Up to August 20, 2022, a committee will be established in each small village. (2) Each halqa will be visited by this committee. Sadbhavna Sansads bring together various faiths leaders at one platform

Jamiat Ulama-i-Hind developed the idea of "Sadbhavna Sansad" to encourage inter-communal harmony, peace, and brotherhood via debate and discussion in response to the venomous Dharma Sansads' calls for the outright genocide of Muslims.

The program's goals and objectives are to gather influential religious leaders and social workers and invite them to work together to reduce the negative impacts of hostile propaganda and to promote unity in diversity.

As of September 2022, 162 "Sadbhavna Sansad" events with participants from many religions and religious priests were held around the country in two phases. Programs for the Sadbhavana Sansad at the national level were held on July 6 and September 24, respectively, in 2022.

At 125 Sadbhavna Sansads around the country, nearly 500 Hindu religious leaders from various cities took part and delivered a message of love and harmony.

Jamiat holds Sadbhanva Sansads in 35 cities

We are all come together to strengthen peace and harmony in the country: resolve Dharma Gurus

New Delhi, Sept 25, 2022:

As part of its 1000 Sadbhavna Sansads, Jamiat Ulama-i-Hind organized sansads in 35 cities across several states.

One such event took place in Delhi at the national headquarters of the Jamiat in Madani Hall. On the occasion, various religious leaders took part and resolved to spread the message of peace and togetherness across the country. Religious leaders raised their joined hands and took the oath of unity in Sadbhavna Sansad today, creating an outstanding scene of harmony and unity. In his statement for the event, prominent Hindu religious figure Shri

Baba Siddhji Maharaj Sarvasanchalak Goushala of Noida noted that both Hindu and Muslim traditions are the parts of Indian society.

They all equally belong to this land, thus if somebody teaches to undermine society, whether he is an imam or a priest, they are anti-social elements who are acting against the country. He urged all Indians to band together in order to create harmony and togetherness in the country of their shared ancestors.

The general secretary of Jamiat Ulama-i-Hind, Maulana Hakeemuddin Qasmi, stated in his introductory remarks that this was the second phase of Sadbhavna Sansad. Jamiat

Ulama-i-Hind is unique in that it has consistently fought for the greater good of the country. India, he added, is a very beautiful country, and part of what makes it so lovely is that people from all different religions have lived here peacefully for so long that their houses are connected. The goals of those who sow division in society will never be accomplished. He also related a historical episode in which the late Naveen Chand Ballab Bhai Bhatia, a non-Muslim, donated his land to the Jamiat's charitable endeavours in the Kuch Bhuj region following the Gujarat earthquake in 2001.

Professor Akhtarul Wasey, a former

president of the Maulana Azad University in Jodhpur, stated that I must declare that I am an Indian Muslim and do not require a certificate from anyone. India is both my Matra Bhoomi and Patrik Bhoomi, and I'm proud of both because it's where Prophet Adam (peace be upon him) received the first revelation of the truth. He refuted the story by arguing that since Muslims have been the minority in this country for a millennium, it is impossible for them to become the majority in the foreseeable future. Those who aim to disseminate this myth harm the country's reputation. He commended Jamiat Ulama-i-Hind for igniting the lamp of love in this period of darkness.

While it is true that religion encourages people to connect and unite, Maulana Niaz Ahmed Farooqi, secretary of Jamiat Ulama-i-Hind, noted that certain phoney religious persons are currently exploiting the same brand of religion to sow enmity and division. Therefore, it is imperative that genuine religious leaders expose such bogus religious figures and see it as their duty to speak out against them as a group. Because of the Jamiat's efforts to bring the country together, Mohan Bhagwat Ji has chosen this route today. Therefore, it is necessary to establish a local group of people from various religions in order for them to sort out their differences.

All Dharma Gurus should be dedicated to upholding the truth, according to Shri Harjot

Speaking on the occasion, Maulana Mahmood Madani, President of Jamiat Ulama-i-Hind, remarked that he regards the organisation as similar to his family and is wholly committed to it. He stated that my relative would be among those who had committed to support the Jamiat Ulama-i-Hind. The Jamiat leaders were asked by Maulana Madani to dedicate their lives to serving their religion, community, country, and mankind in a sincere manner, among other things. He emphasised that Allah does not offer assistance absent honesty. The protector of the Indian Muslim community is Jamiat Ulama-i-Hind.

Following the movement of Hazrat Shah Waliullah Sahab, Jamiat Ulama was the only organisation that offered hope. Muslims look

towards us with the hope that we will stand with them whenever a disaster befalls on the community. As a result, they criticise us when we are unable to perform as expected. In order to ensure organisational stability, Maulana Madani underlined the need to improve the democratic structure inside the organization and declared that office-bearers will be chosen at the state level.

According to Maulana Madani, if we want to make a difference for the country, we first need to elect local organisation leaders all the way down to the village level. After that, we can go out and combat apostasy and irreligion.

He obtained a commitment from the Jamiat's office holders to set up the organization's units at the district, block, and municipal levels. He voiced his deep concern for the country's current state and emphasised the urgency of moving forward immediately. He remarked that the religious movements that are currently in existence are a result of the elders of Jamiat's sacrifices made in the past.

A suggestion was made to expand the participation of women in Jamiat activities during the special meeting, and a committee has been established to evaluate the proposal's merits. Five zonal committees were also formed to increase the influence of the Jamiat.

Randhekpur village Muslim residents leave in fear following Bilkis Bano case convicts get remission Take refuge in Jamiat's Rahimabad Colony, Jamiat delegation meets police officials, demands protection

New Delhi, August 26, 2022:

A resident of the native village of Bilkis Bano, where she was gangraped and her 16 family members killed in 2002, claimed that several Muslim families have left the village out of fear following the release of 11 convicts in the Bano case.

The villagers told the Jamiat delegation, "We are afraid; several individuals have left the village out of fear of violence from the side of the convicts after their release. We have asked the collector to put the convicts behind bars and offer safety to the villagers".

Under the leadership of Maulana Hakeemuddin Qasmi, a high-level Jamiat Ulama-i-Hind delegation travelled to Rahimabad Colony Baria, where they visited the terrified residents and offered help. Many central, state, and district officials were part of the Jamiat group, who met with Dahod ADM and spoke with him about the situation. The Jamiat delegation asked for safety to the Muslims of Randhekpur on this occasion so they may go back to their homes and do business. The perpetrators of the most heinous crimes connected to the Bilkis Bano case have been let to live in freedom. It hurts and is a stain on the civilised society's forehead.

It is regrettable that Bilkis Bano and her

family members were not taken into confidence in the remission decision of her tormentors. The Jamiat delegation also went to Randhekpur village to assess the situation.

It should be noted that the Gujarat riot victims were helped by Jamiat Ulama-i-Hind in 2002. More than 30 colonies totaling more than 3000 homes had been constructed. The Legal Committee of Jamiat Ulama-i-Hind also fought for justice in numerous riot-related cases, such as the Godhra and Bilkis Bano cases, for two decades. Rahimabad Colony, which was likewise constructed by Jamiat Ulama-i-Hind, is situated in Baria, a district of Dahod. Maulana Mahmood Asa'd Madani, the current president of the Jamiat Ulama-i-Hind, and the late Maulana Syed Asa'sd Madani, a former head of the organisation, assisted those in need without giving a thought to riots.

The Jamiat delegation included Maulana Hakimuddin Qasmi, General Secretary, Jamiat Ulama-i-Hind, Prof. Nisar Ahmad Ansari, general secretary Jamiat Ulama Gujarat, Aslam Bhai Qureshi, secretary of Jamiat Ulama, Gujarat, Mufti Imran Baroda, Maulana AbulHasan Palanpuri, Hafiz Sartaj, Maulana Muhammad, Mufti Huzafa Dahod, Maulana Mufti Rizwan Dahod, Maulana Sufian Ahmed, Maulana Abdul Haq, Maulana Shoaib and others.

'Remission sends wrong message to society:

Niaz Ahmad Farooqui

New Delhi, Aug 18, 2022:

The remission of the 11 men convicted in the Bilkis Bano case was denounced by Muslim organisations as "a bad message for society as well as to the victim."

"At a time when laws have been framed to punish rape with capital punishment, we have a case of men convicted of both rape and murder being released. It is not just condemnable but jeopardises the security of women," said Niaz Farooqui, Secretary, Jamiat Ulama-i-Hind. He added that "It amounts to double standards for the same crime depending on the identity of the victim."

Maulana Mahmood Madani on Darul Uloom Deoband's Shura board

Deoband, September 1, 2022:

Majlis-e-Shura, Darul Uloom Deoband's highest decision-making body, has made Maulana Mahmood Madani, the national president of Jamiat Ulama-i-Hind and a former Rajya Sabha member, a member of its Shura. The fact that he joined the Shura has caused joy throughout the Islamic world.

Jamiat chief Maulana Mahmood Madani condoles the demise of Khawaja Ahmad Nizami

New Delhi, August 21, 2022: In a letter of condolence sent to Hazrat Khawaja Ahmad Nizami Sayed Bukhari's grieving family members, Maulana Mahmood Asa'd Madani, President of Jamiat Ulama-i-Hind, expressed his condolences over his tragic passing. Sayed Nizami was a genuine steward of Khawaja Nizamuddin Aulilya RA's enormous legacy and he was a modest man who dedicatedly served his followers for many years.

Maulana Madani further stated that through dedicating themselves to serving humanity, the predecessors of Jamiat Ulama-i-Hind carry on the Chistiya Sufi order's legacy. Additionally, Maulana Madani prayed that Allah (SWT) would grant the family members the fortitude they need to deal with this terrible loss.

A delegation of Jamiat Ulama-i-Hind led by its general secretary Maulana Hakeemuddin Qasmi visited Pirzada Sayed Farid Nizami's home to pay homage and condolences to the bereaved family. The delegation also visited Khawaja Nizami's grave too. Hakeemuddin Qasmi was accompanied by Maulana Azeemullah Siddiqui and Maulana Moazzam Aarfi.

Daylong training & consultation program in Patna

Patna, August 10, 2022:

More than 200 district officials of Jamiat Ulama Bihar unit from all over the state attended a daylong training and consultation program that was arranged by the organisation in Onda Marriage Hall, Tripolia, Alamganj, in Patna. The head of Jamiat Ulama-i-Hind, Maulana Mahmood Asa'd Madani, delivered the keynote address. President of Jamiat Ulama, Bihar, and Maulana Mufti Javed Iqbal Qasmi presided over the gathering. The session was moderated by Maulana Muhammad Nazim, General Secretary of Jamiat Ulama Bihar.

While speaking to the audience on the occasion, Maulana Mahmood Madani provided the Jamiat's members explicit directions on how to: (1) work more actively in the field given the current circumstances; (2) develop organisational skills; and (3) maintain consistency in their work. He stated that now is the ideal time to preserve the faith of our younger generation. Many Muslim teenagers are succumbing to apostasy. But regrettably, we are unaware of it. He claimed that while it is normal to cry when someone passes away, losing one's faith is worse than passing away. Therefore, I believe that educating children and defending their religious beliefs is the most important and fundamental responsibility.

Maulana Madani said that if you do not understand the situation and do not plan to change the situation, what else can you do? He described knee-jerk reaction as a sign of the

destruction of any community and said that there is a need for action, not reaction. In this regard, he gave the example of Ukraine, that Ukraine supplies wheat to the world, Russia attacked its coastal areas and caused destruction. Not today but by the end of next year the world is going to face a food crisis. Planning is already being worked out to end the food crisis. So that food crisis does not arise after a year. This is how all of the world's sophisticated institutions and societies deal with it when it does occur.

He said that some people are misleading about the Jamiat Ulama-i-Hind's stand and its opposition to the partition of the country and some people say very respectfully that our scholars were misled due to their simplicity. The world's noted scholars who have scholarship on Indian history, one of them is from Malaysia. He has written a paper on India's division and independence. In a private conversation with me, he said that if India had not been divided along religious lines, Muslims would have been able to provide leadership to the world. He advised Jamiat activists to devote at least two hours a day to the Jamiat's work and the community will gain a lot from it.

Furthermore, he stated that in order to effect a change, we must first transform ourselves.

Speaking to the assembly, Maulana Hakeemuddin Qasmi, General Secretary of Jamiat Ulama-i-Hind, stated that the best way to win Allah's favour is to show kindness to others. He provided specific details of the

Jamiat Ulama-i-Hind's numerous activities.

Apart from them, renowned motivational speaker Maulana Sajid Falahi gave a presentation on Swarm intelligence. The audience was informed on the political climate in Bihar and the voting registration process by retired IPS officer Mr. Nisar Ahmed. Maulana Khalid Gayavi spoke about the Jamiat Ulama-i-Hind's religious education board. The social reformation programme of the Jamiat was discussed by Maulana Muazzam Arifi. A lecture on combating Islamophobia was given by Maulana Azeemullah Qasmi. In his closing remarks, President of Jamiat Ulama-i-Hind Bihar, Maulana Mufti Javed Iqbal Qasmi, made a heartfelt plea to the audience to get involved in Jamiat activities. Maulana Ghiyasuddin Qasmi, the head of Kishanganj's Jamiat Ulama, offered a prayer to conclude the event.

Medical insurance allowed

when required, permitted to spend interest amount received from Govt. if GST return is not expectable More than 200 Islamic scholars meet in Bangalore to explore solution for contemporary issues in Sharia frame

New Delhi, August 14, 2022:

Idarat Al-Mabahid al-Fiqhiyyah Jamiat Ulama-i-17th Hind's three-day jurisprudential conference came to an end today in Bangalore, Karnataka. In this meeting, major decisions on limited companies, the use of interest income for GST, and "health insurance" were made after extensive discussion. In addition to this, a recommendation was also made regarding the country's present anti-Islamic climate.

More than 200 scholars from all over the country, including representatives from Darul Uloom Deoband, Darul Uloom Nadwatul Ulama, Lucknow, Jamia Qasmia Shahi in Moradabad, Mazahir Uloom, Saharanpur, and other renowned institutions in South India, participated in this conference and presented their papers.

Going beyond its agenda, the Islamic scholars passed a resolution on the current anti-Islamic environment in the country. The resolution reads: "It becomes clear that systematic efforts are being made against Islam and Muslim identity at the national level. And to make them effective, media and social media are used as tools

extensively. Some media channels are playing programs in which people are invited to make comments against Islam, especially those who for some reason discarded Islam and now

me tools in the hands of anti-Islamic forces. This gathering of Jamiat Ulama-i-Hind strongly condemns all such attempts. It expects the media channels to show their interest in issues that are related to the development of

the country. Programs containing anti-Islamic false statements augment communalism which is very harmful to the progress of the country.

This gathering appeals to Muslims not to be influenced by these blasphemous programs being run on the media and social media and to approach the religious scholars for religious guidance. However, if offensive content is broadcast on any channel or at the platform of social media, take legal action and lodge an FIR against channels and platforms."

During the deliberations on the medical insurance issue, the conference unanimously adopted a resolution stating that Islamic Sharia allows for the needy to receive medical insurance coverage if they are afraid of incurring unaffordable costs in the light of the current domestic and international realities. It is preferable to arrange with the insurance provider that in exchange for the annual premium, the provider will do a medical examination at least once per year; in this scenario, usage of a health insurance policy is also permitted.

In an important proposal regarding the use of GST interest money, it was decided that if the GST amount given is directly or

indirectly payable to the government and is not anticipated to be returned to the consumer or dealer, then the GST payment may be made using the GST interest money. And if the retailer receives the designated value in the name of GST from the customer (buyer), they must inform the government of this sum. It is improper to have the shoppers conceal it.

In the other suggestion addressing the limited company, it was found that a limited company is in theory equivalent to Mudharabat (a term used legally in Islamic sharia), so long as its primary operation does not involve gambling, interest, or the trafficking of haram items. It is legal to create this type of business, participate in it, work there, and benefit from it. If such a limited company goes bankrupt, the responsible parties must sell their movable and immovable property and assets to pay off their debts and other arrears. Even after that, if there is any outstanding liability and

if the responsible parties were negligent or careless, the payment will still be required.

Apart from resolutions, a few significant sermons were also delivered by some great Islamic scholars, including Maulana Rahmatullah Kashmiri, Mufti Muhammad Rashid Azmi, Mufti Atiq Ahmad Bastavi, and Mufti Salman Mansoorpuri (president of Jamiat Ulama-i-Hind and Maulana Mahmood Madani, respectively). Other notable Islamic scholars who attended the meeting as special guests included Maulana Sagheer Ahmed Khan Rashadi, Mufti Shoaibullah Khan Miftahi Bangalore, Maulana Maqsood Imran Bangalore, Maulana Mahmood Hasan Khairwa, Maulana Zaheer Bangladesh, and Maulana Yasir Nadeem America. Among some notable figures who participated in debates include Mufti Nazir Ahmad Bandipora Kashmir, Mufti Shabbir Ahmad Qasmi Shahi Moradabad, Maulana Mujibullah

What if a member of parliament incites hate? Maulana Hakeemuddin Qasmi

New Delhi, October 11, 2022:

Maulana Hakeemuddin Qasmi, general secretary of Jamiat Ulama Hind, voiced his extreme disapproval and worry about the organizing of a hate programme in North East Delhi and inciting the local majority community against Muslims. He urged severe punishment for those who foster such an

atmosphere in the country.

Jamiat delegation submits memorandum to the Delhi police special commissioner Law and order at Delhi police headquarters

He maintained that by radicalising a particular group, they are stoking instability and disorder throughout the country. What will happen to the peace and order in the country, if someone

in a powerful position like a member of parliament makes such a provocative statement? He asked

In this connection, Maulana Qasmi said that a letter had been addressed to the Union Home Minister by the President of the Jamiat Ulama-i-Hind, Maulana Mahmood Asad Madani. In this it is stated that as hate speech is a curse for the country, as a peace-loving citizen we want you to seriously consider this incident in Delhi and also direct the relevant authorities to take strong action not only against the event's organiser but also against all those who were involved in it. Those who have spoken hatefully about Muslims and made inflammatory remarks should face harsh punishment.

It should be noted that a delegation from Jamiat Ulama-i-Hind visited Sundarnagari and the surrounding areas under the leadership of General Secretary Maulana Hakeemuddin Qasmi to assess the local situation. The delegation also met with Maulana Waliullah President Jamiat Ulama Sundarnagari and Haji Shakeel and others. Maulana Ghayur Qasmi, organizer of Jamiat Ulama Hind, was also part of the delegation.

Jamiat writes letter to UP Chief Minister on Sultanpur communal violence

New Delhi, October 14, 2022:

Jamiat Ulama-i-Hind President Maulana Mahmood Asa'd Madani sent Chief Minister Yogi Adityanath a letter in response to the local government's unilateral action to the incidence of violence in Ibrahimpur, Sultanpur district of Uttar Pradesh. He has urged the CM to stop the unilateral action and take concrete steps to bring about peace in the area. It is noted that on the day of the Durga immersion, some anti-social people placed the idol close to the mosque in Ibrahimpur and then they began playing loud DJ music. The responsible members of the mosque asked to proceed after Namaz, but no one paid attention to their request.

The argument then descended into violence. The mosque suffered damage. In Ibrahimpur, Muslim stores and a madrasa were vandalised. In addition to this, the madrasa's students were also physically assaulted.

But at the moment, only Muslims are being arbitrarily detained by the police. The viral footage is now in the public domain. Instead of enforcing justice, the SO Amarinder Singh incited the crowd while yelling, "We will punish them selectively" and "Will burn their homes". Everything the police officer stated in the video is now being put into action. Four of the five individuals including the madrasa who received the notice for illegal occupation are Muslims, while the fifth is a member of the Yadav community. All of the individuals arrested thus far are Muslims who were also assaulted by lawyers today within the court premises.

While this was going on, a delegation from Jamiat Ulama-e-Hind, led by Maulana Mutahirul Islam, president of the Jamiat Ulama Sultanpur unit, met with the District Police Commissioner and a police captain and delivered a memorandum to them questioning the unilateral action.

In light of these happenings, Jamiat Ulama-i-Hind President Maulana Mahmood Asa'd Madani sent a letter to the Chief Minister Yogi

Adityanath, in which a four-point demand was made.

In the letter, it was requested that the police officers be kindly instructed to prevent any further acts of violence and that meetings of Aman committees and common peace yatras be taken out in order to restore peace and tranquility. (3) Act against the rioters in a fair and proportionate manner without taking into

account their religious beliefs. From the Jamiat Ulama Sultanpur unit, we have reliable evidence that the police are only detaining members of one particular community. (4) Insist that no demolition action be taken against the accused under the pretext of illegal building, since this would stigmatise the entire community and have an impact on the entire family.

In the meantime, the general secretary of Jamiat Ulama-i-Hind, Maulana Hakeemuddin Qasmi, spoke to the minister of minorities for the state of Uttar Pradesh, Danish Ansari Azad, today and urged that law and order be reinstated and that the district administration given special instructions to refrain from taking unilateral action.

It is to be noted that a copy of the letter of the Jamiat president has also been given to the Commissioner of Police, Sultanpur. The Jamiat delegation included Jamiat Sultanpur president Maulana Mutahirul Islam, Maulana Abdullah Sultanpuri, Maulana Mohammad Usman Qasmi, Maulana Qazi Qaseem Qasmi, Maulana Sohail Ahmed Nadvi, Maulana

Jahangirpuri violence accused Noor Alam gets bail

New Delhi, October 19, 2022:

The accused in the Jahangirpuri Delhi communal clashes, Noor Alam, has been granted bail thanks to the legal action taken by Jamiat Ulama Hind. Sheikh Inamul Haq was also granted bail as a result of Jamiat's efforts earlier in the month. Judge Satish Kumar carefully considered the legal representations of Muhammad Abdul Ghaffar, Muhammad Noorullah, and Muhammad Sartaj in the case of Noor Alam. They argued that the accused had nothing to do with the alleged crime and that the local police had only detained the defendant in order to resolve their own case. He was identified in a FIR and is currently being held since April 17, 2022. Now that the accused's case has been thoroughly investigated, bail should be granted. The state-appointed attorney, however, vehemently contested the defendants' bail.

After hearing the arguments of the parties, the court said that the investigation of the accused has already been completed and the charge sheet has also been filed; now it will take a long time to complete the trial. At the same time, keeping the accused in judicial custody will not serve any purpose. Some of the co-accused have been granted bail by the High Court of Delhi and some have been granted bail by this Court. Therefore, the petitioner/accused Noor Alam is granted bail on a bond of Rs. 25,000/-.

Legal battles: Maulana Madani leads numerous legal battles in various courts of the country fighting to secure the rights of Indian Muslims in cases covering Right to Citizenship, Right to Practice Religious Duties as well as defending those Muslims who have been falsely implicated in terror cases.

Combating Islamophobia: With RSS ideology growing ever menacingly, Maulana Mahmood Madani has supported a number of initiatives to counter the impact of hatred and religious-based crimes against Indian Muslims. The JEIM (Justice and Empowerment Initiative for Indian Muslims) records cases of Islamophobia in a systematic manner and provides advocacy and other forms of assistance to the victims. This is the first such attempt by Indi-an Muslims to record such cases and present them to human rights organisations.

Sultanpur Violence:

Jamiat will fight cases of those arrested on riot charges including students of Jamia Mustafa Qadriya.

The fact that there have only been unilateral arrests thus far is also peculiar.

innocent Jamia Mustafa Qadriya students from Ibrahimpur. Additionally, two teachers have been arrested. In addition to this, a frightening video of local women has also been circulated on social media.

In light of these happenings, Chief Minister Yogi Adityanath was urged to take swift action against the perpetrators in a letter written last week by Maulana Mahmood Asa'd Madani, president of Jamiat Ulama-i-Hind to him. Following that a Jamiat delegation headed by Maulana Hakeemuddin Qasmi travelled to Sultanpur and spoke with Ibrahimpur's victims. On this occasion, the president of Jamiat Ulama-i-Hind received a letter from the rector of Jamia Mustafa Qadriya and the people of Walipur asking him to take up the cases and seek justice on their behalf.

We support the Ibrahimpur citizens' demand, and we will provide legal representation for any innocent people who have been imprisoned. (Insha Allah).

While recounting the facts of his tour, Maulana Hakeemuddin Qasmi stated that the delegation of the Jamiat had a talk with Maulana Zakir Ashrafi of Jamia Mustafa Qadriya, Shahid Bhai, an Ibrahimpur resident, Amjad Bhai, and others in Sultanpur.

The Jamiat Ulama-i-Hind delegation asked the local people to uphold law and order and promised to take all reasonable steps to ensure that justice is served. He demanded the immediate suspension of the SHO and SO of Baldi Rai since it would be exceedingly difficult to enforce law, peace, and justice in the area in the presence of them.

Capacity Building cum Workshop on Islamophobia

Nine members of the Jamiat local unit from Loni and Hapur participated in the workshop. Following a brief introduction of our organisation, Dr. Azhar Ali asked Maulana Hakeemuddin Qasmi sb, General Secretary of Jamiat Ulema-i-Hind, to provide an overview of the current situation of Indian Muslims in India and the atrocities Muslims have been subjected to in our country by citing recent instances of prejudice, physical assault, verbal abuse, and police atrocities committed against Muslims due to their identity.

The Jamiat Ulema-i-Hind Youth Club office in New Delhi hosted a capacity building training workshop on "Understanding Islamophobia and Hate Crime in India" on September 30, 2022. The workshop's main objective was to educate the attendees on the rising numbers of Islamophobia and hate crimes committed against Muslims in India.

Nine members of the Jamiat local unit from Loni and Hapur participated in the workshop. Following a brief introduction of our organisation, Dr. Azhar Ali asked Maulana Hakeemuddin Qasmi sb, General Secretary of Jamiat Ulema-i-Hind, to provide an overview of the current situation of Indian Muslims in India and the atrocities Muslims have been subjected to in our country by citing recent instances of prejudice, physical assault, verbal abuse, and police atrocities committed against Muslims due to their identity. He also informed them about Jamiat's regular legal actions it takes, if necessary, in extreme cases of hate crime. He then handed the programme over to Dr. Azhar Ali, who continued the workshop by providing a lengthy, practical, and interactive presentation on "What is Islamophobia" in general and in the context of

India in particular. He began by outlining the fundamental principles of how Islamophobia works. He noted that Islamophobia has many different manifestations, including verbal and physical abuse, hate speech against individuals, stigmatising, and demonising. By

using examples of how radicals try to frighten you, diminish your religious identity, and challenge your religious practises and eating habits, he has effectively contextualised the crucial subject of Islamophobia.

Two recent incidents have been given. One describes how radical Hindutva group in Shahjahanpur, Uttar Pradesh, harassed and assaulted a party of Muslims travelling from West Bengal to Ajmer Shareef, Jaipur, Rajasthan. Second was a discussion of the recent violence created by Hindu Right-Wing individuals in Leicester to educate them on what Islamophobia is and how it operates.

Dr. Azhar Ali also enlightened them about the fundamental rights, the Right to Equality, Right to Freedom, Right to Freedom of Religion and Religious Practices, under the Constitution of India. He continues by saying that everyone in this country, especially Muslims, must be aware of these fundamental rights as well as their obligations to other nations and fellow citizens. Why this matters: According to him, you have the right to file a lawsuit against anyone responsible for any discrimination, physical abuse, or assault based solely on your religion, no matter where it occurs. Knowing about these constitutional rights gives one power and inspires others to strive for justice at the same time. He asked Mashhood Alam, Research Associate for the project Justice and Empowerment Initiative for Indian Muslims (JEIM), to introduce the project and its functions, as well as what are the aims and objectives and how we report and document cases of Islamophobia, following this informative session on understanding Islamophobia in the Indian context. What are the aims and objectives, and how do us report

and document cases of Islamophobia and Hate Crime against Muslims.

Mashhood Alam started his presentation by providing a brief history of Muslims in India and how they contributed significantly to the development of the country. But he made note of the fact that over the past several years, Muslims in India have been the target of various Islamophobic attacks. Jamiat Ulama-i-Hind created a division called "Justice and Empowerment Initiative for Indian Muslims (JEIM)" in 2021 as a result of these atrocities

committed against Muslims. Its main goals are to combat hate crimes, defend human rights, and offer victims of hate crimes legal and, if necessary, financial aid. We have a committed team under the JEIM that works both locally and remotely to report and record instances of

hate crimes and take appropriate action.

JEIM has three core functions; 1) Reporting the hate crimes, 2) Advocacy the victims, and 3) Documentation of Cases. We also have a Case Review Committee (CRC) in which core CRC members decide which case should be documented and which case should be rejected based on the nature and category of the case. Category here refers to various categories that have been conceived under this project. These are;

1. Acts of Hate'
2. Acts of violence
3. Attacks on the religious places
4. Police atrocities
5. Discrimination, Exclusion, prejudice and other forms.

Mashhood Alam also shared with them the Bulletin on Islamophobia published by Jamiat quarterly in which these cases are documented. Finally, at the end of the session, he told the participants the purpose of this training workshop and told them how they would contribute to providing information related to incidents of Islamophobia. These participants promised they will create a group and will also try connecting local journalists, activists, and lawyers at the local level and include them in the group. Two groups were created; 1) Hapur Working Group and 2) Loni Working Group. These groups are tasked to verify the case, if possible, get the report from the local police station, help the victims and finally send the document to the head office for further documentation.

The completely misleading story in The HINDU

Dear Editor,

This is in response to the story "Jamiat lends silent support to BJP as Centre continues crackdown on PFI and U.P. government initiates madrasa survey", published in The Hindu on October 1, 2022.

The story completely misguides the readers as it is highly opinionated and one-sided. The reporter didn't take the trouble to seek Jamiat's views on these issues and has based his assessment on mere hearsay and false interpretation.

We would also like to inform you that Jamiat has always stood for the broader interests of Indian Muslims and has always taken a principled stand on issues inimical to Indian Muslim's interests, whether they be it CAA or Madrassa Survey in U.P. It was Jamiat Ulama-i-Hind under the leadership of Maulana Mahmood Madani which launched nationwide movements across the country against CAA just one day after the law was passed in the upper house in December 2019. On the contrary the scribe in this article blamed Jamiat as a supporter of CAA and it was only after the Shaheen Bagh Movement that Jamiat changed its stance. This is a totally false and misguided narrative.

Jamiat would like The Hindu to make its version public and also the reporter to apologise for writing a story based on falsehood.

with regard to securing the rights of Indian Muslims (including the right to citizenship, and citizenship and the right to practice religious duties.

With the ruling BJP party promoting Hindu nationalism-Hindutva—to ever more harmful levels, Indian Muslims are killed and discriminated against as never before. The response to this has been multipronged. First, to provide protection against the growing cases of Islamophobia and hatred. Maulana Mahmood Madani has founded JEIM (the Justice and Empowerment Initiative for Indian Muslims). This initiative records cases of Islamophobia in a systematic manner and provides advocacy and other forms of assistance to victims. It is a simple, logistical and necessary step to show to the outside world the scale of the problem.

Coupled with this defence of Muslim rights, Maulana Madani has always been a vocal supporter of unity in diversity and has consistently emphasised harmonious relations between different

without any adverse change to their existing religious curriculum.

This has been a historic development. Coupled with this, the Jamiat Youth Club (JYC) empowers youth with other skills. It is an affiliate of Jamiat Ulama-i-Hind, and works under the umbrella of the world-renowned 'Bharat Scouts & Guides' of which Maulana Mahmood Madani is its chairman. Its vision is to support the youth to achieve their full physical, intellectual, social and spiritual as individuals, as responsible citizens, and as members of the local, national and inter-national communities.

Maulana Madani is a leading voice in the Indian Muslim community, which is 200-million strong. Their challenges are unprecedented and the success of his work has a major influence on how they fare.

"Hate can't be solved by hate."

Maulana Mahmood Madani is the President of the Jamiat Ulema-e-Hind (JUH), having been secretary-general for 13 years, and has gained influence for his forthright condemnations of terrorism and unfaltering support of the Indian Muslim community.

Lineage: Maulana Mahmood's grandfather Maulana Syed Hussain Ahmad Madani was a great scholar of Islamic theology, teaching hadith in Madinah, and Deoband. He was the President of the JUH until his death in 1957 and was then succeeded by his son Asad Madani (the father of Maulana Mahmood), who was President until his death in 2006.

Jamiat Ulema-e-Hind (JUH): JUH was established in 1919 by leading Deoband scholars who argued for the concept of composite nationalism, believing that a nation should not be formed on the basis of one factor only (e. g. religion, ethnicity etc), but rather be based on many factors. Maulana Mahmood has striven to keep this concept alive amid all the turmoil of nationalistic politics in India. After graduating from Deoband in 1992, he became actively involved in the JUH, organising conferences and meetings across the country which saw a rapid rise in membership. He became the General Secretary of JUH in 2001 and continued to invigorate the organisation. When his father passed away in 2006, a dispute arose between him and his uncle around the leadership of the organization leading to a bifurcation.

Activism: He has striven for Muslim rights in India and been outspoken in his opposition to the misuse of the term jihad as a tool of terrorism in India. Following fatal bomb blasts in 2008, he mobilised Darul Uloom Deoband institutions... (p-16)

Man of the Year 2023

Maulana Madani is the President of Jamiat Ulama-i-Hind (JUH), one of the oldest and most-respected Muslim organisations in India. He served as its General Secretary for nearly two decades before assuming the position which his illustrious father, Maulana As'ad Madani, had held for over 50 years. He has invigorated the organisation by tackling head on critical issues of the day such as terrorism and Islamophobia, as well as never losing sight of the grassroots work that is at the heart of the day-to-day concerns of Indian Muslims.

Maulana Madani is an Islamic scholar, public speaker, social worker and preacher of Islamic humanitarian values, tolerance, and peace. Through the platform of the JUH, he has fought the twin battles of condemning terrorism in all its forms as well as calling out those who would use the issue to scapegoat the Muslim community. He has regularly arranged massive public rallies and international scholarly conferences dealing with all the ramifications of these issues. He has consistently and clearly called out the evil of DA'ISH. On the flip side, he has defended hundreds of cases Muslims who have been falsely implicated in terror cases. He has also taken on other cases

faiths in India. As his famous grandfather Maulana Husain Ahmad Madani was in the 1920s, he is a firm believer in the concept of nationalism. The practical outcome of this was Maulana overseeing over 1000 interfaith conferences, *sadhbhawna sansad*, to promote communal harmony and involving leaders of all faiths.

The basis of the JUH has been humanitarian, welfare and educational activities. During his 25 years of service at JUH, he has served the victims of tragedies in Gujarat, Bihar, Delhi, Tamil Nadu, Kashmir, Kerala, Assam, UP, Andhra Pradesh, Odisha etc. He is also a great supporter of the rights movement of minorities and the marginalised. His presence matters to India and its principles of secularism and pluralism.

Responsible for the education of over a million children in tens of thousands of maktabas and madrasahs, Maulana Madani has worked on upgrading the educational curriculum to meet the demands of the modern age. Always a sensitive subject for outsiders to approach, he has the expertise and legitimacy to upgrade the Dar Ulums' curriculum and he has introduced a system whereby madrasah students are certified and recognised as having secondary level (10th standard) education
